Management Accountant – Falklands

Description

Our client is a dynamic and thriving organisation operating in the Falkland Islands, committed to providing exceptional services and contributing to the economic development of the region. As we continue to grow, we are seeking a highly skilled and motivated Management Accountant to join our finance team.

Job Overview:

The Management Accountant will play a crucial role in ensuring the financial health and success of the business through accurate financial reporting, analysis, and strategic financial planning. Based 7 months in the Falkland Islands, remaining UK and international travel, the successful candidate will work closely with the finance team and various departments to provide valuable insights, support decision-making processes, and contribute to the overall financial stability of the organisation.

The purpose of this role is to analyse and interpret the groups financial data in a timely manner, summarising this into insightful and accessible management information for the improvement of business effectiveness, productivity and support of business development and growth. An excellent communicator with 5-10 years post qualified experience in managing stakeholders, implementing processes to gain timely and relevant management information, handling large data sets and presenting in an effective format to management will be required for this role. Spanish speaking candidates would additionally be very desirable.

£80,000-85,000 + benefits (including accommodation and car whilst in the Falklands)

Our client is the leading fishing quota and vessel owner in the Falklands region.

A consistent policy of reinvestment has enabled the company to vigorously pursue opportunities together with fishing joint venture partners and today the Company is a major quota holder, owner and operator with interests in most areas of the Falklands fisheries and other sectors of the Island economy.

Fishing companies include operates fisheries around Antarctica.

The company's investments in the local maritime sector include shareholdings and board positions.
