## Finance Director – West Bromwich

### Description

## Job Description – Finance Director

**Location:** West Bromwich, UK

**Industry:** Automotive Supply Chain / Wholesale

**Reports to:** Managing Director

**Direct Reports:** Finance Team (management accountants, credit control, payroll, and transactional finance)

### About the Company

A leading automotive supply chain and wholesale business with a strong presence in the UK and growing international partnerships. The company prides itself on operational excellence, customer service, and delivering value across the automotive aftermarket.

### Role Overview

The Finance Director will be a key member of the executive leadership team, responsible for leading the financial strategy, governance, and performance of the business. This role requires a commercially minded finance leader with strong wholesale and supply chain sector knowledge to drive profitability, working capital efficiency, and long-term growth.

### Responsibilities

#### Key Responsibilities

- **Strategic Leadership**
  - Develop and implement the financial strategy aligned to business objectives.
  - Provide insight and challenge to the Board on growth, investment, and risk.
  - Drive sustainable profitability through pricing, margin optimisation, and cost management.
- **Financial Management**
  - Oversee all financial operations including reporting, budgeting, forecasting, and compliance.
  - Ensure strong cash flow management, working capital control, and funding solutions.
  - Lead annual audits and maintain robust internal controls.
- **Commercial Partnering**
  - Partner with operations, procurement, and sales to optimise supply chain efficiency and margins.
  - Support negotiations with OEMs, distributors, and key suppliers.
  - Deliver financial insight on market trends, currency impacts, and
