Finance Manager – West Bromwich

Description

Job Title: Finance Manager

Location: West Bromwich (On-site, Full-time)

Salary: Competitive (circa £70m turnover group)

About Us

We are a rapidly growing automotive distribution group based in West Bromwich, with an annual turnover of £70m and ambitious growth plans. Operating across a group of companies, we pride ourselves on innovation, customer focus, and operational excellence. To support our continued success, we are seeking an experienced and commercially astute **Finance Manager** to join our team.

The Role

Reporting directly to the Finance Director, the Finance Manager will play a pivotal role in leading the finance function across the group. You will oversee a team of 5 finance professionals, ensuring robust financial controls, accurate reporting, and insightful analysis to drive decision-making in a fast-paced, high-growth environment.

Responsibilities

Key Responsibilities

- Lead, motivate, and develop a team of 5 finance staff to deliver a high-performing finance function.
- Oversee day-to-day financial operations across the group, including accounts payable, receivable, payroll, and management accounts.
- Produce timely and accurate monthly management accounts, cashflow forecasts, and variance analysis.
- Support the Finance Director with strategic planning, budgeting, and forecasting.
- Implement and maintain strong financial controls, policies, and processes across the group.
- Provide financial insight and analysis to support commercial decision-making and growth initiatives.
- Liaise with auditors, banks, and external stakeholders to ensure compliance and smooth financial operations.
- Drive process improvements and system efficiencies as the business continues its rapid growth.

Qualifications

About You

- Ideally Qualified accountant (ACA/ACCA/CIMA) with post-qualification experience in a similar role. QBE considered on merits.
- Proven experience managing a finance team within a dynamic, multi-entity business (experience in distribution, automotive, or related sectors advantageous).
- Strong technical accounting skills with a hands-on approach and attention to
