## Financial Controller – Technology Sector

### Description

**Position:** Financial Controller – Technology Sector

**Location:** Central London (Hybrid Work Model)

**Salary:** £90,000

### About the Role:

Join a dynamic and rapidly expanding technology company in London as a Financial Controller. Reporting directly to the Director of Finance, you will play a pivotal role in shaping the financial strategy and operations of the business. This position offers significant exposure to senior leadership and the opportunity to influence key financial decisions in a high-growth environment.

### Responsibilities

#### Key Responsibilities:

- **Financial Reporting & Analysis:** Prepare accurate and timely monthly management accounts, providing insightful analysis to support strategic decision-making.
- **Budgeting & Forecasting:** Lead the development and maintenance of the company's budgeting and forecasting processes, ensuring alignment with business objectives.
- **Cash Flow & Treasury Management:** Oversee cash flow management, including working capital optimisation and treasury functions, to maintain financial stability.
- **Audit & Compliance:** Coordinate the annual audit process, liaising with external auditors and ensuring compliance with relevant accounting standards and regulations.
- **Process Improvement:** Identify and implement enhancements to financial processes and systems, driving efficiency and scalability within the finance function.
- **Stakeholder Engagement:** Collaborate with cross-functional teams, including operations, sales, and product development, to provide financial insights that support business growth.

### Qualifications

#### Candidate Profile:

- **Qualifications:** ACA, ACCA, or CIMA qualified with significant post-qualification experience in a similar role
- **Experience:** Proven track record in financial management within a technology or high-growth sector, with experience in SaaS or digital business models.
- **Technical Skills:** Strong proficiency in financial reporting and accounting software; experience with ERP systems and automation tools is advantageous.
- **Analytical Abilities:** Exceptional analytical skills with the ability to interpret complex financial data and provide actionable insights.
