Fractional CFO – FCA-Authorised Fund Manager (1 Day/Week, Remote/London)

Description

FD Capital | Fractional & Interim Finance Recruitment

We're partnering with a fast-growing, cross-border fund management group that's building out its UK presence and seeking an experienced **Fractional CFO** to join on a one-day-a-week basis initially, with genuine scope to scale as the business grows.

This is an opportunity for a commercially sharp finance leader to help shape a multi-jurisdiction operation from the ground up — spanning fund structuring, UK FCA authorisation, and an active fundraising agenda.

The role

Working closely with the founders and board, you'll:

- Lead financial strategy, planning and reporting across a multi-entity, multi-jurisdiction structure
- Support an active capital-raising programme — financial modelling, investor materials, data room preparation and due diligence readiness
- Contribute to the financial elements of the firm's UK FCA authorisation (regulatory capital, financial resources, ICARA)
- Build lean, scalable finance infrastructure and governance suitable for a regulated start-up
- Act as a trusted commercial partner to leadership as the business scales

Responsibilities

What we're looking for

- Qualified accountant (ACA / ACCA / CIMA or equivalent)
- Demonstrable **fundraising experience** — you've helped raise capital and know what investors expect
- Strong financial modelling and investor-facing skills
- Exposure to fund structures and/or FCA-regulated firms is highly desirable
- Comfortable operating in a cross-border, early-stage environment
- Available for a flexible, part-time engagement with the appetite to grow into the role

The details

- **Engagement:** Fractional, ~1 day/week to start, scaling with the business
- **Location:** Remote, with London access preferred
- **Sector:** Fund management / financial services

If this sounds like you, apply here or get in touch with the FD Capital team in confidence.
