## Interim Financial Controller

### Description

**Job Title:** Interim Financial Controller

**Location:** West Midlands (Hybrid)

**Sector:** Technology / Private Equity-Backed

**Duration:** 6-12 months (with potential extension)

### About the Company

A dynamic, rapidly growing technology business backed by a leading private equity investor. The company is scaling quickly and requires a hands-on Interim Financial Controller to strengthen financial operations, support the leadership team, and help prepare the business for its next phase of growth.

### Responsibilities

#### Key Responsibilities

- Lead and manage the day-to-day finance function, ensuring accurate financial reporting and control.
- Own the month-end, quarter-end and year-end close processes, delivering timely management accounts.
- Produce insightful financial analysis, KPI reporting and commentary to support strategic decision-making.
- Manage cashflow forecasting, working capital optimisation and treasury processes.
- Support the budgeting and reforecasting cycles, ensuring alignment with business objectives.
- Lead preparation for audits and liaise with external auditors, banks and advisers.
- Strengthen internal financial controls, systems and processes; identify and implement improvements.
- Oversee statutory accounts, tax compliance, VAT and regulatory requirements.
- Support the CFO with investor reporting, Board packs and MI.
- Provide commercial finance support on pricing, profitability, and contract analysis.
- Assist with integration of acquisitions or new system implementations as
