## Interim Group Chief Financial Officer (CFO) – London – South East

### Description

FD Capital are recruiting an Interim CFO role for our London based client.

### Company Overview:

We are a rapidly growing international professional and management consultancy services group, backed by private equity, with our headquarters based in London, UK. With a global presence and several hundred employees, we operate as a substantial £multi-million group, serving clients across various industries. As part of our expansion plans, we are seeking an experienced Interim Group CFO to provide strategic financial leadership and drive our financial performance during this pivotal phase.

### Role Summary:

As the Interim Group CFO, you will play a critical role in shaping the financial strategy, optimizing operational efficiency, and ensuring the financial well-being of our organization. Reporting directly to the CEO and working closely with the executive team, you will provide financial guidance, oversight, and analytical insights to drive sustainable growth and maximize shareholder value. This is an exceptional opportunity to make a significant impact and contribute to the success of our dynamic and ambitious consultancy services group.

### Responsibilities

1. Financial Strategy and Planning: Develop and execute the group's financial strategy in alignment with the overall business objectives and growth plans.
2. Financial Reporting and Analysis: Provide accurate and timely financial reports, analysis, and insights to the executive team, board of directors, and private equity stakeholders.
3. Cash Flow Management: Oversee cash flow forecasting, working capital management, and capital allocation to support operational efficiency and liquidity.
4. Budgeting and Forecasting: Lead the annual budgeting process and periodic forecasting, ensuring alignment with strategic goals and providing robust financial projections.
5. Risk Management: Assess and mitigate financial risks, develop risk management strategies, and ensure compliance with regulatory requirements and internal controls.
6. Mergers and Acquisitions: Support the evaluation and execution of potential acquisition opportunities, including financial due diligence and integration planning.
7. Financial Operations: Oversee financial operations, including treasury, tax planning, audit, and compliance, ensuring efficiency, accuracy, and adherence to best practices.
8. Stakeholder Management: Collaborate with private equity investors, lenders, auditors, and other external stakeholders to foster strong relationships and facilitate effective financial decision-making.
