Part-Time FD – Social Housing

Description

Our client is an established social landlord operating in Cheshire. They are a market leader in their niche and enjoy private equity backing.

They are looking for an experienced FD to join their team on a part-time basis. This role is hybrid being 3 days in total per week (2 days remote 1 day onsite).

The role is inside IR35.

Responsibilities

The successful candidate will be instrumental in their growth plan; therefore, they are looking for someone who goes beyond the expected and has a desire to be part of that growth. The responsibilities of the role will include:

Financial Control

- Day to day management of the accounting operations
- Creation, coordination, maintenance and preparation of budgets and detailed complex financial forecast models
- Ensuring quality control over financial transactions and financial reporting
- Developing and documenting business processes and accounting policies to maintain and strengthen internal controls
- Responsibility for monitoring compliance with the economic components of the Regulatory Standards of the Regulator of Social Housing
- Maintaining accounting software with accurate records and transactions
- Ensure strong corporate governance practices, complying with all accounting standards and regulatory requirements
- Supporting the month-end, quarterly and year-end financial close
- Maintaining and reconciling ledgers and bank accounts
- Tracking payments made / requested on all projects against budget and explanation of any variances.
- Manage day to day relationships with the company's lenders and take responsibility for periodic covenant compliance and reporting packs
- Manage day to day relationship with Homes England and / or external consultants in relation to applications for and compliance with the requirements of grant awards

Financial Reporting

- Preparation of financial statements, periodic reports, and analysis on a scheduled or unprompted basis
- Coordinating the year-end audit liaising with external accountants and auditors as required, preparation of audit schedules, data, financial statements and information
- Provide financial and accounting information as required by the company's shareholders and external agencies
- Prepare VAT returns (subject to VAT registration)
- Supporting advisors to prepare Corporation Tax computations
